Report on Cease Cervical Cancer Awareness Program organized by Inner Wheel Club of Kota Kinabalu (IWCKK).

Date: Saturday, 28th February 2025

Venue: Tropical Rainforest Ujana Park

The Inner Wheel Club of Kota Kinabalu (IWCKK), has successfully organized the Cease Cervical Cancer Awareness Program on the 28th February 2025, at the Tropical Rainforest Ujana Park. This initiative was aimed to raise awareness about cervical cancer prevention and early detection through community engagement and collaboration.

CERVICAL CANCER

Awareness and Prevention Strategies

Cervical cancer remains a significant health issue affecting young girls and women worldwide. Early detection through regular screenings and vaccinations against HPV can significantly reduce incidence rates. Increased public education and awareness are essential for encouraging preventive measures and improving health outcomes.

Our project aims to cease cervical cancer through comprehensive education and outreach initiatives. We focus on raising awareness about HPV vaccination, promoting regular screenings, and providing resources. By partnering with local health organizations, we strive to create a community of informed individuals. Our goal is to empower women with knowledge and access to care, ultimately reducing the prevalence of this preventable disease. Together, we can make a **significant impact on women's health.**

PROGRAM HIGHLIGHT

1. 2KM Awareness Walk

The event commenced with a 2KM Walk, participated by IWCKK members and members of the public including young girls, men, and women. Special recognition was given to several cervical cancer survivors who joined the walk, symbolizing strength and resilience in the fight against cervical cancer.

2. Collaboration with Healthcare Providers

The program was conducted in collaboration with the Family Clinic and Health Government Clinic, highlighting the importance of professional medical support in cervical cancer prevention. Dr Emma Allyen Martin was present to answer any question from the public, providing expert guidance on screening, vaccination, and treatment options.

3. Educational Materials and Public Engagement

To enhance public awareness, IWCKK printed and distributed flyers and button badges to visitors at the park. Many members of the public showed keen interest in learning more about cervical cancer prevention, emphasizing the program's impact on raising awareness.

4. Community Participation and Support

The event saw strong support from the community, with people of all ages participating. The presence of cancer survivors served as an inspiration to others, reinforcing the message that early detection and proper medical care can save lives.

CONCLUSION

The Cease Cervical Cancer Awareness Program successfully brought together individuals from various backgrounds in a collective effort to raise awareness and promote early detection. Through strong community participation and collaboration with healthcare professionals, the event emphasized the importance of education, prevention, and support. IWCKK remains committed to advocating for women's health and will continue to organize initiatives to help eliminate cervical cancer for future generations.

The Inner Wheel Club of Kota Kinabalu remains dedicated to championing health awareness initiatives, ensuring that every individual has access to vital information that can help prevent and cease cervical cancer.

**One Step, One Voice, One Mission,
Ending Cervical Cancer Together!**

TAKING ACTION TO CEASE CERVICAL CANCER 2024

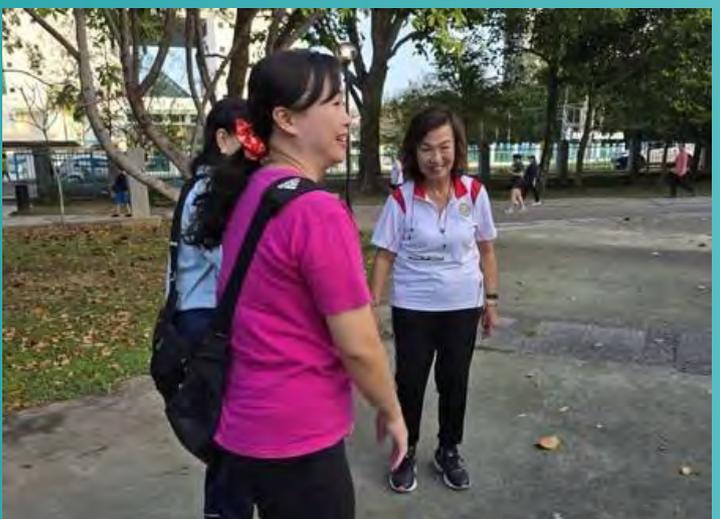

IN LINE WITH THE THEME
HEARTBEAT OF HUMANITY

IWCKK MEMBERS ARE IN HIGH SPIRITS, WARMING UP AND READY FOR ACTION.

ALL TEAM MEMBERS, PLEASE TAKE YOUR RESPECTIVE POSITIONS.

STANDING STRONG IN LINE, READY TO TAKE ACTION.

**THE ACTION HAS BEGUN-GUIDED BY THE
THEME 'HEARTBEAT OF HUMANITY',
IWCKK IS ACTIVELY CARRYING OUT ITS
MISSION WITH PASSION AND PURPOSE.**

IWCKK IS ACTIVELY CARRYING OUT ITS MISSION WITH PASSION AND PURPOSE.

WALK THROUGH THE END

As the 2km walk concluded, conversations about cervical cancer continued, with participants sharing personal journeys and fostering a heartfelt exchange of resilience and hope.

Certificates of appreciation were presented to team members, while mementos were given to Dr. Emma Aliya Martin and a staff member from Kesihatan, honoring their invaluable contributions to our community outreach efforts.

📍 A Journey of Love and Care 📍
We came with love, we gave our best,
Touched hearts in need, brought peace and rest.
Now smiles remain where pain once grew –
A mission done, with hearts so true.

JOIN THE FIGHT

**The journey done, the mission true,
We leave behind a brighter view.
Hope was shared, and kindness grown,
No heart today is left alone.**

📍 A Heartbeat of Humanity 📍
**By hands we came, with hearts so wide,
To stand with love, not just with pride.
With every smile and every touch,
We gave our care, we gave so much.**

**With a gentle smile and words that heal, we walk
together toward a world free from cervical cancer.**

📍 Every Heart Counts, Every Action Matters
